Hive inspection

Use one sheet per hive visit. Note what you saw and what needs checking next.

Apiary / location

Hive ID

Date / time

Inspector

Weather / temperature

Reason for visit

What did you observe?

Queen and eggs

Queen seen? Eggs present? Record what you could confirm.

Brood and colony strength

Brood pattern, frames covered with bees and temperament.

Food and space

Honey and pollen stores, available comb and crowding.

Health and swarm signs

Unusual brood, pests, queen cells or other concerns.
